This Institute in order to introduce  
their new Medical Discoveries and X-  
Ray System, sends at its own ex-  
pense these eminent specialists to give  
to those who call on the above date  
consultation, examination, advice and  
all medicine required to complete a  
cure, absolutely free.

These specialists will diagnose your  
case and give you the benefit of their  
medical knowledge. There is no ex-  
perimenting or guess work. You will  
be told whether you can be cured or  
not. If your case is curable, they will  
treat you; if incurable they will give  
you such advice as may prolong your  
life.

Their treatment gives quick relief  
and positively cures. Being prepared  
to treat each individual case the human  
system is thoroughly cleansed of the  
disease in a natural and direct manner  
and improvement is noticed at once;  
even the worst cases are treated with-  
out any inconvenience to the patient  
or the pursuing of his daily vocation.  
If you are improving under your fam-  
ily physician do not come and take up  
their valuable time. They wish to give  
each one plenty of time, but cannot  
listen to long stories not pertaining to  
your case.

They have discarded the old reme-  
dies used for ages by the medical  
world and which it would be folly to  
depend upon any longer for they de-  
pend on, as thousands die depending  
on them for relief.

The fact that these Specialists have  
discovered entirely new treatments  
and natural cures, gives them control  
of the Nervous System, Heart, Stom-  
ach, Lungs, Kidneys, Catarrh, Con-  
sumption, Epilepsy, Deafness, Male  
and Female Weaknesses, Cancers,  
Tumors, Piles and other Chronic Dis-  
eases.

They treat deafness by an entirely  
new method and hearing in many cases  
is restored at once. Catarrh in all its  
varied forms cured so it will never re-  
turn. If you have weak lungs or con-  
sumption do not fail to be examined.

All cases treated can and will be  
cured, no difference who you have seen  
or treated with heretofore. Thousands  
who have given up all hope of being  
cured, now have an opportunity to con-  
sult specialists of reputation.

Don't fail to call as a visit costs you  
nothing and may save your life.

If you suspect kidney trouble, bring  
a few ounces bottle of your urine for  
chemical and microscopic analysis.

**WARNING.**—The free offer is  
during this trip only and will not be  
given again. Persons commencing  
any treatment after this trip will be  
required to pay, but not one cent will  
be asked of those commencing treat-  
ment during this visit for any medicine  
necessary to effect a cure; also a pos-  
itive guarantee to cure will be given to  
patients accepted under their system  
of treatment. Those having long  
standing and complicated diseases,  
who have failed to get cured and be-  
cause discouraged, are especially in-  
vited to call as thousands who have  
given up all hopes can testify to per-  
manent cures obtained.

**NOTICE.**—Married Ladies without  
their husbands and Minors without  
their fathers, will positively not be  
admitted to consultation.

## FOR PURITY OF THE BALLOT.

The great body of American voters  
hold sacred the elective franchise  
and believe, with all their hearts, in  
a free ballot and a fair count. They  
would suffer any sacrifice to main-  
tain its purity and keep incorrupti-  
ble the electorate. While statements  
of fraud and violence and intimidat-  
ion and a purchasable vote have  
been frequently published, and some-  
times proven, the great majority of  
men believe it is like the "milk-sick-  
ness" in early days, over in the next  
country.

If the people could be convinced  
that their will, as expressed at the  
ballot box, is disregarded, and that  
their influence in governmental af-  
fairs is negated by conscienceless,  
corrupt men who rob them of this  
sacred trust placed in their guardianship  
by the constitution, the farmers  
of which pledged their lives to estab-  
lish and maintain at a time when the  
chances were they would be called  
upon for the sacrifice, they would,  
like the people of Russia today, rise  
up and destroy every political ma-  
chine in the country.

If a voter of Greene county could  
trace his individual ballot into the  
box and through the hands of the  
election board and see them throw it  
out or count it for those for whom it  
was not marked, or destroy its full  
power by counting one or more votes  
not cast for other candidates, his  
American love of fair play and equal  
rights would impel him to resent  
the injury so forcibly that the very  
foundations of corrupt combina-  
tions of men would be shaken.  
The safety of a disreputable gang of  
political free booters lies in the ig-  
norance of the mass who live in the  
illusion that the ballot is fair and  
the count is square.

You Republicans of Greene county  
think you elect the men who fill  
your offices, but you are mistaken.  
Just six men in Greene county place  
in the offices whomsoever they will,  
and their will is greater than the  
combined will of the party for bal-  
lots goes their way. Republicans  
of Greene county, you are individu-  
ally and collectively of no more value  
in an election in Greene county than  
a cypher on the left of another cy-  
pher written to denote quantity.

That statement is strong, we know  
and we would hardly expect every-  
one to accept its truth without evi-  
dence which we are prepared to fur-  
nish.

It is conceded a fact that a nomi-  
nation for any office in Greene coun-  
ty on Republican ticket is equiva-  
lent to an election; that being true,  
it follows that the power that can  
dictate the nominations can place in  
the offices whom it will. This pro-  
position is self-evident and every-  
one will admit its correctness. There  
remains then, but one fact more to  
discover, which is: who or what  
power makes the nominations in  
Greene county? You could probab-  
ly point on the fingers of your two  
hands all the persons who would not  
answer, "the legal voters of the party  
make the nominations at the primary."  
The legal voters think they do, but  
they don't. If they do not, who  
does? We answer, the six men, re-  
ferred to. How do they do it? We  
will tell you. Never in the history  
of the county has there been held by  
the Republican party a legal, honest  
fair primary election. As to the leg-  
ality: they have never been held un-  
der the law, as provided by the sta-  
tutes. They have never had any  
legal existence or could have any le-  
gal recognition by any court what-  
ever. There is a statutory provision  
for primary elections but the Republi-  
cans never held one. What they do  
hold they call a primary but it is  
purely a party expedient, the same  
as if they met in mass convention  
and threw ballots in a hat, then car-  
ried the hat into a dark, back room  
and let somebody else count out. If  
that somebody does not choose to  
count "straight," but gives a false  
report, there is no law to punish him.  
If he stuffs the box it is no crime or  
misdemeanor. If the election board  
votes Democrats sufficient to change  
the result, the law, or those who ex-  
ecute it, is not concerned. If as was  
done in Xenia, a big fellow, seeing  
the vote going against him, picks up  
the box and marches off with it, and  
retains it, no policeman or other of-  
ficer would dare interfere, and no  
court would issue a warrant for ar-  
rest based on an affidavit. Your  
vote at the primary is absolutely un-  
protected and, in law, it is no theft  
to steal it. Our primaries are farces,  
and serve but one purpose; they give  
the people the idea that they make  
the nominations; and behind that  
thought the six men conceal their  
hand and perpetuate themselves in  
power. The central committee,  
whose backbone is generally not  
stiffer than a fish-worm, plays into  
the hands of the manipulators who  
trade upon their ability to deliver  
the delegate power of the county in  
conventions, and bleed candidates  
for office. There is not a man in  
Greene county with enough intelli-  
gence to mark a ballot but who  
knows of the corrupt methods used  
by the gang. All these are facts  
which anyone can verify if he will.

## CENTRAL OHIO'S GREATEST CLOTHING STORE

A thorough clearance  
after the most suc-  
cessful and largest  
season's business  
ever enjoyed by any  
clothing house in  
Central Ohio.

This is one of those  
losing propositions  
which good business  
and commercial cou-  
rage impels to make.  
We have no room to  
carry stock from one  
season to another.

## ELEVENTH GREAT SEMI-ANNUAL CHALLENGE SALE

NOW GOING ON

This sale means the cleanest sweep we have ever attempted—the  
deepest cut in prices we've ever indulged in—on the finest stock of  
merchandise we've ever carried. It means that we have the commer-  
cial courage to clear out counters, cases, and shelves so that we may  
fully carry out this stores policy of new stocks for the new season  
ahead. It means that we not only eliminate every vestige of profit  
on our great stock of men's and boy's up-to-date wearables, but we  
throw in great big generous portions of the original cost. It means  
greater values and grander bargains for the people than ever proffer-  
ed under any conditions in our out of season by any solvent firm in  
Central Ohio. It is your loss if you do not take advantage of the  
phenomenal bargains in Men's and Boy's Clothing, Hats, and Fur-  
nishings.

Sale will close Saturday, Feb. 18.

## Prosperity Sale

Last year was a winner for us—we sold lots of shoes, and mighty good ones too, and next year will  
be even better. We're sure of that. With this increasing volume of business we are bound to have  
a surplus of shoes—goods which we had to order from time to time to keep our lines full and meet  
probable demands. This surplus, a rare of this seasons medium and winter weights, is still in the  
store. We have ordered more spring shoes than ever, they're on the road now and we must have  
room for them. We are up against the proposition of getting those surplus shoes off our shelves  
and quick too. There's only one way to do it, by reducing prices. We therefore place before you  
a cut-price feast that is unequalled, an opportunity to get shoes for the rest of the winter and for  
early spring wear, the like of which you never know. We'll bring prosperity in the shoe line—face  
to face with every man, woman and child hereabouts.

## WREN'S GOLD TRADING STAMPS

Another Triumph for Ohio's Greatest Department Store

Monday, February 6, we will begin to issue our own GOLD Trading Stamps—redeemable in merchandise selected from any of the 75 Departments of this Great Store. THE WREN STAMP BOOK is filled and redeemable when 500 stamps have collected therein, stamp companies require 990 to 1000 stamps in each book. The Wren Stamp Book when filled is as good as cash and has a definite specified value of \$2.50 in trading out any article in this great establishment at regular or special prices. YOU WANT STAMPS, WE WANT YOU TO HAVE THEM! In giving our GOLD Stamps we want you to realize you are getting the best stamps that are worth what we claim them to be; stamps redeemable at this, THE STORE OF THE PEOPLE where you have traded for 28 years; stamps that are legal tender for any article in this Big Store. Wouldn't you rather have a stamp of known value than uncertainty? Wouldn't you rather have 500 Wren Gold Stamps, that are just as good as \$2.50 for anything you care to buy in this store, than thousands of other stamps redeemable for premiums, the value of which you are not permitted to know, to be selected from a stock comparatively small and worthless. We, as you know, were practically the originators of trading stamps in this city—using the stamps issued by companies, until discovering our utter helplessness to protect public interest as well as our own in presence of the fabulous charges we were compelled to pay for stamps, giving comparatively nothing to the people in return for their patronage and confidence. Now that our largely increased business justifies our issuing our own Gold Stamps and by the Million, paying only the cost of printing and thereby saving thousands of dollars. The fabulous price the venders of stamps charge, we save and give to the public in premiums, granting to the holder of each book of 500 stamps, furnished on purchases of 10c and upward, absolutely free of charge, a GOLD certificate for \$2.50 which entitles the holder to purchase that amount of goods in any of the 75 departments of this house, without any cost whatever to the purchaser.

## GOOD AS GOLD AT THE BIG STORE

### Wren's Gold Trading Stamps

will put the stamp business on a clean businesslike footing—they are redeemed in goods of which every one may know the value. We won't ask you to accept cheap, trashy articles of bric-a-brac upon which the trading stamp companies are making immense fortunes—here you will get more than your money back in good, reliable merchandise. You'll be relieved of the compulsion of making your selection from a few articles of comparatively little value, as is customary in stores that buy stamps from dealers, the prices of which are flagrantly exaggerated and which you are not permitted to know even after making a selection. You are simply told for one book you get this, for two books you get that, and so on, but never will you know the price, thus an evidence of deception in which you are a participant when dealing with such people. Collectors of stamps have no doubt noticed that the quality and quantity of premiums offered by stamp companies have been rapidly deteriorating and whatever advantages gained by their collection are largely lost through this fault. With the WREN GOLD TRADING STAMP the customer can use it in any department of the store, buying any class of goods she may select at same prices as if for cash; for instance if the holder of a book desires to purchase an article of higher value she can apply redemption value of the book (\$2.50) on that purchase and pay the difference in cash.

In offering our GOLD Trading Stamps to our customers we are confident it will appeal to you as being a far more desirable stamp in every way than any "Company" stamp. You will also appreciate the fact that only half the number of stamps need to be saved by our system, and it is safe to say the premiums given by us for 500 of Wren's Gold Trading Stamps costs as much as that given for 2500 stamps given by a trading stamp company. One of our ten lady solicitors will call at your home some day this week and leave one of our stamp booklets which will explain to you why you should start a book of Wren's Gold Trading Stamps. Upon presentation at our store Monday, Feb. 6, of a Wren Gold Stamp book left at your home by our solicitors, we will start you with \$2.00 worth of Gold Stamps, absolutely free—should our solicitors not get around to you—come in the store Feb. 6 and we will give you a book containing \$2.00 worth of our Gold Stamps without cost.

Note Remember that the WREN GOLD STAMP is worth five of any other trading stamp issued in Ohio.

A horse deal of considerable importance was made the first of the week. Last summer Mr. Thos. Voglesberg purchased a half interest in a fast pacing horse owned by Mr. James Dalley for \$250. The horse was owned in partnership until last Monday, during which time the two men cared for the animal, one taking him while and then the other. To dissolve the partnership a proposition was made that one was to give or take \$100, the giver getting the horse. Mr. Voglesberg gets the animal and as he kept the horse a few days longer than Mr. Dalley he sent him a check for \$75.00. Mr. Voglesberg expects to have the animal trained as a show considerable speed.

FARMERS RESOLVE.

The following is a part of the resolutions passed by the Jamestown Farmers' Institute showing what this body thinks of the capital city of the county and the present political boss:

Resolved, That the farmers of Greene county think it time to go on record as being opposed to the moral status of the capital city of our county. For we have been reliably informed that the outlawed saloon keepers are masters of the grave situation. Shame on the perjured city and county officials who are as wise as serpents and as innocent as lambs, allowing private greed to numb every manly instinct about them. This hydro headed monster, greed, has silenced press, intimidated pulpit and crept into the educational institutions until anarchy in the city is looked upon as respectable by the general public.

"Resolved, That we go on record as being unequivocally opposed to the present political boss of the county or any other political boss, whatever, and for a partial remedy of some of our political evils we recommend that our next representative and senator of this district be urged to use every influence possible for the suppression of the same, and we recommend that the law known as the Initiative and referendum, with imperative mandate be passed."

## For Thin Babies

Fat is of great account to a baby; that is why babies are fat. If your baby is scrawny, Scott's Emulsion is what he wants. The healthy baby stores as fat what it does not need immediately for bone and muscle. Fat babies are happy; they do not cry; they are rich; their fat is laid up for time of need. They are happy because they are comfortable. The fat surrounds their little nerves and cushions them. When they are scrawny those nerves are hurt at every innocent touch. They delight in Scott's Emulsion. It is as sweet as wholesome to them.
